## Policy Document For use of IT and E- Governance

### Introduction

The Implementation of e- governance in the Education has brought new dimension to the field of education. E- Governance has enabled institutes to expand their current geographical reach to interact to prospective. The most important driving force behind e- governance establishment and development is Innovation. To achieve higher standards in educations it is imperative to have an improved and innovated means of access to information and communications technology based e-governance in educational institutions. For achieving the goals of efficient administration and to meet the challenges of quality enhancement in higher education , it is necessary to implement e- governance education .

### Objectives-

1. To bring transparency and dynamism in all operations procedures.
2. To minimize the possibility of any misappropriation or corruption
3. To minimise any kind of manipulation.

### Importance of E- governance in education

The main purpose for introducing e- governance in the college is to enhance good education and administration . E- governance in education provides new ways of Communicating to the students, a new way of imparting education and new way of organizing and delivering information and service. The advancements in the information technologies, internet and the mobile communication provide opportunities to transform the relationship between administration and students in a new way, thus contributing to the achievement of the good education goals. The implementation of information technology may increases the broad participation of the student in the process of achieving good education goals. Advantages for the administration involve that the administration provide better service in terms of time, making governance more efficient and more effective. In addition, the transaction costs can be lowered and the services become more accessible. The college implements e-governance system in administration and academics.

  
PRINCIPAL

Ambikabai Jadhav Mahila Mahavidyalya  
Vajreshwari, (Thane) 401 204

However, the maximum use of e-governance is expected to be implemented in near future. At present the college is implementing e-governance in the following areas.

**Administration:** It involves the use of ICT (Information and Communication Technology) in order to improve administration processes and the internal working of the department within the college. The College Management Software is used for the online admission examination, issuing, transfer, certificate, financial, reports, accounts, salary, certificate, etc. Each user of the college management has unique user id and password. The vendor provides online support for the use and upgradation of the software.

**E- Service:** The main aim is to improve the delivery of services to students by providing online services. Some examples of online services are: online admission, Filling of examination forms, issuing admit cards, preparing results and generating students lists of different kinds. Examination forms are filled in and submitted online. Exam notifications are uploaded on college website WhatsApp messages on class wise groups. Evolution / continuous internal assessment have been conducted through google formed-governance plays important role in exam and evaluation.

The College Management software is to be used for the online services to the student. The SMS services are hired from rich solution to send away the messages to the students regarding admissions, examinations, scholarship etc. The payment of the aided staff is submitted online through HTE Sevarth system. The collage website displays necessary notifications and information for the students parents and other stakeholders.

**Use of ITC:** The ITC plays an important role in teaching and learning and administration the ITC facilities are to be used in teaching and learning. The computer lab, Smart Class, ITC enabled classrooms, computers and internet is provided to the student and teachers. All department are connected with LAN. The access to online journals through Inlibnet is provided. The online feedback of the student and of the stakeholders help in improving the academics and administration.

The maximum use of technology in governance and academics is to be strengthened to bring more transparency speed and accuracy
